

ALEXANDRIA GAZETTE

SATURDAY EVENING, DECEMBER 31.

FORBODING OF WAR.—The conviction is rapidly solidifying that the already strained relations of the various European powers with one another are fast becoming unbearable, and that the irksome ties and barriers must soon be swept aside, with the inevitable consequence of bloodshed. The London Standard, discussing the situation in an exceedingly serious strain, concludes that their must be an armed struggle on the continent in the near future, or else there must be on the part of weaker powers an abject submission to the will of the stronger. Nothing in the nature of a middle course, the Standard believes, will suffice, while a continuance of the present state of things must necessarily lead to the bankruptcy of the leading European powers, both in bone and sinew and finances.

Sir A. Paget, British ambassador to Vienna, who has been in London several days, paid a visit to the foreign office yesterday afternoon, and spent three hours in consultation with various prominent officials in the department, one hour of which time was devoted to a private conference with Lord Salisbury. The ambassador is on the eve of his return to Vienna, and will bear with him to his post of duty important dispatches particularizing the views of the British government on the present crisis. These documents are understood to convey to the Austrian government intimation that England will support the triple alliance against Russia, but to stipulate that the integrity of Turkey must remain inviolate.

The Poor Little Ones.

We often see children with red eruptions on face and hands, rough, scaly skin, and often sores on the head. These things indicate a depraved condition of the blood. In the growing period, children have need of pure blood by which to build up strong and healthy bodies. Dr. Pierce's "Golden Medical Discovery" is given, the blood is purified of its bad elements, and the child's development will be healthy, and as it should be. Scrofulous affections, rickets, fever-sores, hip joint disease or other grave maladies and sufferings are sure to result from neglect and lack of proper attention to such cases.

ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children. During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhea, soothes the bowels, and wind-colic. By giving health to the child, it saves the mother. Price, 25 cents a bottle.

The company is incorporated under the laws of West Virginia, and the stock is non-assessable, and carries with it no personal liability to the holder.

THE GOLD MINING COMPANY (location Music Mountains, A. T.) is as sound a mining enterprise as was ever placed on the market, and its possibilities have never been exceeded. Every dollar of earnings will go to the stockholders in dividends, as there is nothing else that they can be used for.

A Wisewell mill, capacity 20 tons per day, with powerful machinery, has been purchased and will be on the ground ready for erection at the mine within the next thirty days.

The solid basis upon which the company is founded and the practical proofs of the richness of the mine have already secured the confidence of the public, and the stock has steadily advanced in selling value. Within the last few days bona fide sales have been made AT PAR.

There is no better stock on the market for a permanent investment. For full information in regard to this Mine apply to the
